

Snow 7 HD by Zoomax \$929

7" HD Portable Video Magnifier

The Snow 7 HD offers the largest viewing screen of all the handheld video magnifiers making it easy to read larger materials such as books, magazines and newspapers. The convenient wide-angled reading stand not only allows you to read more of the page at a time but also provide space for writing too. Write birthday cards, complete forms, sign checks and more!

Offering the best camera and most advanced imaging technology; the Snow 7 HD provides a crisp and clear image at any magnification level and even with fast movements. This auto-focus HD camera also allows users to view materials up close or at a distance. If you see something at a distance and want to take a closer look you can take a snapshot of the image and return the device to a comfortable reading position for longer exploration.

Better yet, these compact, light-weight devices are the about the size of a small book and offer the same great benefits of the full desktop magnifiers at a fraction of the cost!

Features:

- 2.2x-19 continuous magnification
- Auto-focus HD camera
- Crisp image quality at all magnification levels
- Convenient reading/writing stand – wide angle for larger writing and viewing area
- Near and distance viewing with the touch of a button
- Large intuitive buttons for easy navigation
- Compact and lightweight – only 1 lb!
