Panda HD by Zoomax \$2,099 **19" Desktop Video Magnifier**

The Panda HD 19" desktop magnifier offers the advantages of a full desktop model in a compact design. With an HD camera and an HD screen, the Panda produces crystal-clear image quality at any magnification level whether you're using it for reading, writing or working.

With large, simple controls and an adjustable monitor, the Panda HD is designed to be easy and comfortable for users of any skill level. Adjust the magnification from 2x to 70x and select from 17 high contrast color modes to find your perfect combination of settings. Once you've found it, save your settings so you can use them again next time.

Offering plenty of clearance between the camera and reading table, the Panda HD makes it easy not only to read books, magazines and other print materials but also to write, pay bills and do hobbies such as sewing or puzzles. Designed to fit your life, the space-saving Panda HD gives you the features you want in an HD desktop video magnifier at an affordable price.
